

PLACER COUNTY PLANNING DEPARTMENT SUBDIVISION PRESENTATION MAP GUIDELINES

In order to assist both staff and the applicant in presenting a project to a hearing body, and in an effort to keep presentation graphics consistent with projects, the guidelines listed below should be followed:

Preferred Colors:

- Existing roads – medium gray 
- Proposed roads – light gray 
- Seasonal/year round streams, ponds, lakes, etc. – light blue 
- Delineated wetlands – yellow green 
- Wetlands preservation easements – light green 
- Open Space easements - medium green 
- Trees – dark green (mark trees to be removed with a red “X”) 
- Trails – medium brown (dashed line) 
- Existing structures (on-site and surrounding) – light brown 
- Lots (background) – very light cream or flesh color 
- Building envelopes – dark brown (line) 
- Lot boundaries – bold black 

TEXT

- Lot numbers and interior street names – black ½” high minimum
- Exterior street names (i.e. County roads) – black, 1” high minimum

Presentation Map Guidelines

In addition to the graphic and text standards required, please provide the following:

1. Project and or Development maps when possible in PDF, AutoCAD, ArcView, or ArcInfo Coverage Formats.
2. If paper presentation maps are submitted, the scale cannot be over 1” = 50’
3. Presentation maps should be submitted to staff one week prior to the public hearing date.

For questions about the presentation map guidelines, contact the Planning Department at (530) 886-3000.
